

Coronavirus Update

Dear Alpha International Academy families,

I pray that everyone is healthy and remaining safe during this pandemic. Per the Governor and the education Commissioner all public and private schools will be closed through April 15.

Alpha has prepared a digital learning plan for all students. However in order for the digital learning to work we need all parents to contact their child's teacher and or respond to their electronic communication.

A technology survey will be sent to you by your child's teacher today and this must be completed in order to be considered to receive a computer for distant learning.

This Friday, March 20 from 11-1pm – Work packets and computers will be distributed. Please proceed for pick up as you do when picking up and dropping off students.

*First come first served
